Title Slide

The title slide is automatically created.

It supports

- `\title{}`

- `\subtitle{}` (optional)

- `\author{}`

- `\conference{}`

- `\date{}`

Create a Header Slide With

`\headerslide[optional PDF bookmark name]{Slide Title}`

Slides

You create a new slide using `\slide[Slide Title]`.

This will create PDF bookmark with the name of the slide title.

Subslides

This is slide 3.

This is slide 3b.

Notice that it is a subslide of slide subslide 3.

You create a subslide using `\slide`, by not passing a slide title argument.
